

What Makes Roycemore a Great Place for Gifted Students?

- Gifted Coordinator offers targeted assistance for scholars to take on the next challenge.
- Lower School uses integrated units that allow for breadth and depth in cross-curricular topics that are coordinated by teams of teachers.
- Middle School mixes 5/6th graders and 7/8th graders in Humanities classes offering an opportunity to value different perspectives in learning.
- Upper School has a unique Dual Admissions Program with Northwestern University called NU Option for qualified US students.
- Signature programs, P3 and JST, offer students the chance to choose their own learning through research and hands-on projects.
- Mixed-aged math blocks start in 1st Grade and students are placed in math groups based on ability, not age.
- Social Worker to aide in the development of social-emotional learning.
- Teachers use best practices for differentiation within the curriculum. Lessons are not one size fits all.
